

All About Embroidery

Competitive Pricing

This is a home based company so you deal directly with the owner.

We can help you select your items to get you the most competitive prices.

Liz, the owner, has a low overhead, without the large storefront shop. She can give you a much lower price than other competing companies.

Liz was a working, single mom who had to pay those high prices for her girls sports uniforms, sweats, shoes and jackets. She has empathy for all the families trying to make ends meet and still give their kids *not just what they need, but what they want too.*
